2023 Sponsorship Opportunities

We at Pollinator Partnership are gearing up for three exciting pollinator events!

1) 2023 Pollinator Poster – “Climate Change and Pollinators: Little Things Matter”
2) 17th Annual Pollinator Week: June 19-25, 2023
3) 23rd Annual NAPPC Conference: Hosted in October 2023

The popularity of these major initiatives has brought the importance of pollinator health to the forefront of a vast diversity of audiences, including educators, government agencies, for-profit and non-profits, gardeners, beekeepers, industry, and more! Please consider sponsoring these amazing initiatives. Visit www.pollinator.org/nappc/sponsor to learn more.

Your donation now gets a year’s worth of exposure in 3 ways!

NAPPC ACCOMPLISHMENTS:

- Initiated NAS NRC study, “Status of Pollinators in North America”
- Created Pollinator Week, acquiring 50 Governor Proclamations annually
- Created 60+ Ecoregional Planting Guides for North America
- Provides free information at www.pollinator.org; including books, guides, and webinars
- Funded over 60 research grants for Honey Bee Health
- Support to create the Congressional Pollinator Protection Caucus (CP2C)
- Signed 15 agreements with Federal Agencies influencing 2 billion acres of land
- Influence in the creation of the Presidential Memorandum on Pollinators and the National Strategy to Promote Health of Honey Bees and Other Pollinators
- And many more!
SPONSORSHIP FORM

YES! I would like to sponsor as a:

<table>
<thead>
<tr>
<th>Sponsorship Level</th>
<th>Sponsorship Fee</th>

T: (415) 362-1137

Checks are payable to Pollinator Partnership, reference 2023 Sponsorship

OR

You may pay online here [https://www.pollinator.org/nappc/sponsor](https://www.pollinator.org/nappc/sponsor)

*Your donation is fully tax deductible and contributes to the protection of pollinators.*
1) 2023 POLLINATOR POSTER

In past years, NAPPC posters have been a great success, and we are excited to share with you the opportunity to have your organization’s logo on the 2023 poster.

Posters are distributed to schools, fairs, conferences, homes, educational trainings, and Pollinator Week events. The posters have no time or date on them, so they are always relevant to the conversation. They are extremely popular for pollinator education and outreach purposes. See past posters at www.pollinator.org/shop/posters.

This year’s poster will be available for distribution by or before Earth Day, Saturday, April 22, 2023. If your organization would like your logo on the poster and copies of the poster, please consider sponsoring at the Bronze level ($5,000) or above by Friday, February 17th!

Climate Change and Pollinators: Little Things Matter

This year’s poster will focus on climate change and pollinators, and how there are little things that we can do as individuals to help fight climate change while supporting pollinators – the “little things” or animals that help keep our planet healthy.

The rhythms of life shaped by millions of years of evolution are being challenged and altered by our rapidly changing climate. The connections long established between plants and their pollinators are of particular concern since these interdependencies shape and sustain nearly all terrestrial ecosystems. Our future will be defined by how well we understand and maintain these connections.

Pollinators are dying because their food and homes are disappearing, diseases have increased, and rising temperatures and natural disasters are affecting their ability to survive - all of which are related to climate change. At the same time, the conservation of pollinators and their habitats can help combat climate change by supporting healthy ecosystems, air, soil, water, and plants. Combined, these results make planet earth a safer place for us to live.

We envision the poster to be a graphical depiction of the “little things that run the world” – namely, pollinators, followed by a list of the “little things” that people can do to help mitigate the negative impacts of climate change. A beautiful representation of pollinators and their habitats as a central image will help connect these small and achievable actions to fight climate change with pollinators. We want the suggested actions to be spark ideas, conversation, and actions but not to overwhelm individuals with too many things to do. We want to highlight the message that people can try even just one of these things and enrich their life with the “little things”.
2) **POLLINATOR WEEK JUNE 19-25, 2023**

Seventeen years ago the U.S. Senate’s unanimous approval and designation of the final full week in June as Pollinator Week marked a necessary step toward addressing the urgent issue of declining pollinator populations. Pollinator Week has now grown to be an international celebration of the valuable ecosystem services provided by pollinating animals. The growing concern for pollinators is a sign of progress, but it is vital that we continue to maximize our collective efforts.

Pollinating animals, including bees, birds, butterflies, bats, beetles and others, are vital to our delicate ecosystem, supporting terrestrial wildlife, providing healthy watersheds, and more. Pollinator Week is a prime opportunity to get the message of the importance of pollinators out to as many people as possible.

**Pollinator Week Highlights:**
- Officially designated by the U.S. Senate and the U.S. Dept. of Agriculture in 2007
- 50 Governors have declared State Pollinator Week
- Pollinator Week brings together a diverse community of interested parties: government officials, farmers, ranchers, non-profit groups, teachers, school children, clubs, and a whole range of interested citizens taking action for pollinators
- Constantly updated Pollinator Week website with event listings, useful resources, and more!

3) 23RD ANNUAL NAPPC INTERNATIONAL CONFERENCE

Hosted October 17 - 19, 2023 (Location TBD)

CONFERENCE
The 23rd Annual NAPPC International Conference is an invitation-only strategic event that brings together the world’s preeminent scientists and pollinator experts to discuss current issues affecting pollinators and ways to further pollinator conservation.

ABOUT
The North American Pollinator Protection Campaign (NAPPC) is a private-public collaborative body that works to promote and protect pollinators. NAPPC is coordinated by Pollinator Partnership, a 501(c)3 non-profit organization.

NAPPC is a growing, collaborative body of more than 170 diverse partners. Respected scientists, researchers, conservationists, government officials and dedicated volunteers are succeeding with major programs to protect pollinators, to raise pollinator-related issues, and to benefit the health of all species – particularly those most threatened.

More information about NAPPC and the 23rd Annual NAPPC international Conference can be found at www.nappc.org.

**SPONSORSHIP LEVELS**

**Diamond Sponsor**
*Same as below plus:*
- Conference registration for four representatives
- 500 copies of the 2023 pollinator poster

**Platinum Sponsor**
*Same as below plus:*
- Product/literature inclusion in conference materials (upon request)
- 400 copies of the 2023 pollinator poster

**Gold Sponsor**
*Same as below plus:*
- Conference registration for two representatives
- 300 copies of the 2023 pollinator poster

**Silver Sponsor**
*Same as below plus:*
- 200 copies of the 2023 pollinator poster

**Bronze Sponsor**
*Same as below plus:*
- Conference registration for one representative
- Logo representation on the 2023 pollinator poster
- 100 copies of the 2023 pollinator poster

**Copper Sponsor**
*Same as below plus:*
- 50 copies of the 2023 pollinator poster

**Pollinator Friend**
*Same as below plus:*
- 500 copies of the 2023 pollinator poster

**Pollinator Partnership’s Giving Policy**

Diversity of funding sources is an essential part of P2’s commitment to the spirit of its diversity of stakeholders and the execution of its programs. P2 is committed to seeking funding from a broad spectrum of organizations and individuals whose support will advance P2’s goals and objectives. P2 will only accept financial support from donors who accept the following criteria. Funders must recognize and respect P2’s mission; funders must understand and accept that they have no right or power to determine the content of P2 programs, opinions, or information materials, nor influence the selection of issues. Funders are aware that contributing to P2 does not bind them to P2 positions nor does it authorize P2 to speak for the contributing organization. Acceptance of a grant does not imply that P2 approves nor endorses the funder’s activities or products. [Click Here](#) to view P2’s Gift Acceptance Policy.
