

Pollinator POWER PARTY

Pollinator Power Party Bioblitz Competition

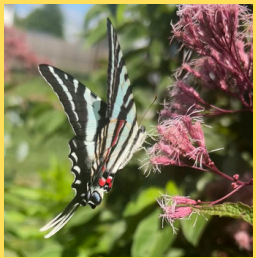

May 1 - July 21, 2026

2025 Results: 3 Months - 22,574 Observations - 2,068 Species - 1,052 People

A bioblitz is a community effort to record species observations and improve conservation efforts. The Pollinator Power Party Bioblitz invites you to build your wildlife photography skills, share photos of pollinators, and have trained scientists identify the species you are seeing!

WARNING: THIS IS AN ADDICTIVE ACTIVITY!

1. Take non-blurry photos of bees, wasps, hummingbirds, bats, and flies.
2. Create a free iNaturalist account and join our project, "Pollinator Power Party Bioblitz 2026"
3. Upload your photos with date and location.
4. Check back to see how scientists have identified your species.

Congratulations! You've just helped us know more about pollinators.

WIN \$100 AND A POLLINATOR T-SHIRT

The person with the most observations in their region between May 1st and July 31, 2026 will receive \$100.00 and an artist-designed T-shirt.

Check it out here!
