Steps to certification

1. Completion of virtual training;
2. Completion of one habitat and one outreach action.

Participants can expect to learn about the benefits of integrating pollinator habitat into agricultural landscapes, as well as conservation practices that support both production and stewardship goals.

Questions regarding the training in **IL** can be directed to Imeña Valdes at ivaldes@pollinator.org

Questions regarding the training in **OH** can be directed to Alyson Wakeen at awakeen@pollinator.org
