Why Sponsor Us

The popularity of Pollinator Partnership (P2) initiatives such as BFG has brought the importance of pollinator health to the forefront of a vast diversity of audiences. Over 85% of U.S. households have an outdoor living space; by converting these areas to much-needed habitat, together we can have a big impact. Pollinator Partnership's Giving Policy

Diversity of funding sources is an essential part of P2's commitment to the spirit of its diversity of stakeholders and the execution of its programs. P2 is committed to seeking funding from a broad spectrum of organizations and individuals whose support will advance P2's goals and objectives. P2 will only accept financial support from donors who accept the following criteria. Funders must recognize and respect P2's mission; funders must understand and accept that they have no right or power to determine the content of P2 programs, opinions, or information materials, nor influence the selection of issues. Funders are aware that contributing to P2 does not bind them to P2 positions nor does it authorize P2 to speak for the contributing organization. Acceptance of a grant does not imply that P2 approves nor endorses the funder's activities or products.
